SEATING SYSTEMS

THE MASTER INDUSTRIE BRAND MEANS:

AN INTERNATIONAL REPUTATION

With 30 years' experience, Master Industrie deals with modular seating markets all over the world, with **installations in 24 countries to date**. This international presence was reinforced in 2004, when we integrated Semosia Group into the business, further strengthening our global reach.

CUSTOM MANUFACTURING EXPERTISE

We design tailor-made retractable stands which meet all the client's demands, whether they involve capacity, functionality or aesthetics. **We work on projects in cultural, sports or educational environments**, and, increasingly, in multi-purpose projects covering all three.

A FLEXIBLE TEAM

At Master Industrie, customer satisfaction is our number one goal. That is why we have a **full team of specialists** with all the necessary skills to keep your clients happy at every step of the project, right from the commercial stage to training the operators.

A TURNKEY PROJECT

Whether it's dealing with a customs issue or looking after the maintenance, **we cover the project from A to Z**. Ordering from us means entering a long-term partnership. We will always be there to service your retractable stands or upgrade them if you wish to renew the seats, for instance. Our after-sales service is valued worldwide because of our **skills and flexibility**.

THANKS TO MASTER INDUSTRIE YOU:

ADAPT TO THE MARKET

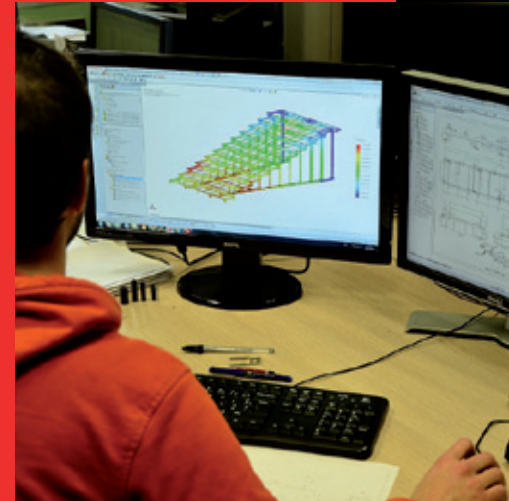

The market is moving **more and more towards modular venues**. We have not only adapted to this evolution, but we also anticipated it a few years ago by creating and patenting a system called Master Eurêka, which makes it possible to move stands in all directions without having to lift them.

EXPAND YOUR OFFERING

By adding Master Industrie products to your portfolio, you will make it more comprehensive, **with a technically advanced** range that will bring you new projects!

INCREASE YOUR TURNOVER

With Master Industrie's retractable seating systems, **you will add value** for your existing clients and increase the opportunities of reaching new markets!

Pierre,
Canadian distributor

Master Industrie makes the best quality, high-end products in the industry. For many years they have been very supportive and professional on all the projects we have worked on together.

Per Guttorm,
Norwegian distributor

I see Master Industrie as a global manufacturer. They never leave until the client is satisfied, solve technical challenges and have skilled staff providing good support at all stages of the project.

Erik,
Swedish agent

After 30 years in the venue business, I am very demanding to my partners. With Master Industrie, I found a high quality product, giving me zero problems with warranty claims and very good adaptability to the Swedish market. The staff are skilled and very reactive, working with me as a team.

PARTNERING WITH MASTER INDUSTRIE MEANS:

COMPREHENSIVE SUPPORT

Master Industrie is your partner every step of the way. You will receive support for project management, **from customer or specifier demand analysis to delivery and installation** of the equipment, operator training and after-sales service.

A SINGLE CONTACT

One person will be your single point of contact within Master Industrie **at every stage of the project**, making communication very efficient.

TAILORED MARKETING TOOLS

You will benefit from a commercial brochure, technical data sheets, a comprehensive website with enquiry form and private access to a full database of finishes and options to help configure the project with the client, **as well as a commercial presence on your booth at exhibitions.**
