MASTER ORATOR: MADE TO MEASURE AND COMFORTABLE

## A CONFERENCE ROOM

In 2015, the PRB company called upon Master Industrie to design and install new seats in their conference room. For their meetings and seminars PRB was looking for furniture with comfort and great design. They selected the MASTER ORATOR as the most appropriate for their use.

In order to perfectly accommodate their needs, Master Industrie designed the seat jointly with PRB, furnishing different design sketches with ultra customized seats and quality finishes. PRB finally decided on an orange leather seat based on the company color which also harmonized perfectly with their venue.
