MASTER EVANCE: AN UNION OF SIMPLICITY AND COMFORT

BEAULIEU SPORTS HALL (NANTES)

A project on a grand scale, the renovation of the historic Palais des Sports de Beaulieu in Nantes, was a perfect opportunity for Master Industrie to put together every aspect of its expertise!

Due to the new layout of this general-purpose venue (3 integrated stands that could be maneuvered to accommodate the specific needs of an event), Master Industrie responded to the requirement to extend the audience capacity to 5437 seats. Using its skills in aesthetics, Master Industrie collaborated with architects, Aura, to design a unique combination of plastic and wood seats representing greenery in an urban area.
