ONTARIO **MODEL**

COMPACT, WARM AND WELCOMING

Its light volume, spring-loaded tip-up movement and its simplicity give the MASTER ONTARIO a good **quality-to-price ratio**. This seat is designed to allow optimal spacing between each row thanks to its size when folded and a minimal stand height of 240 mm.

- Spacing: 450-600mm
Seat wood thickness: 13 mm / Depth: 370 mm
Backrest wood: 13 mm / Height: 430 mm
Height above ground: 860 mm
- Tip-up movement: by torsion spring

ONTARIO + **MODEL**

QUIET AND ROBUST

The MASTER ONTARIO+, equipped with tip-up seat movement damped by gas springs, guarantees extra comfort for the audience and **minimizes disturbance** when audience members move during the show.

- Spacing: 450-600 mm
Seat wood thickness: 13 mm / Depth: 370 mm
Backrest wood: 13 mm / Height: 430 mm
Height above ground: 860 mm
- Tip-up movement: by gas spring

S VERSIONS

ADAPTABLE AND MADE TO MEASURE

Adapt your MASTER ONTARIO and MASTER ONTARIO+ chair to your needs. Master Industrie's expert design team **will work with you**, advising on and adapting the shape, dimension and thickness of the backrest and seat in order to produce **the most ergonomically and aesthetically perfect seat** for your venue.

- Seat and backrest can be custom-cut to desired shape
- Incorporation of logo or image, by either etching or perforating the wood
- Variable backrest height

FINISHES AND ACCESSORIES

- **CHOOSE FROM A VERY WIDE RANGE OF FINISHES AND COLORS**

Wood finishing examples

Deep Dark

Basque Red

Bordeaux Red

Cherry Red

Light wood

Coral red

Medium oak

Chocolat

Oleron Green

White

- **SEAT NUMBERING**

Different techniques: plate (PVC, aluminium, stainless steel) or embroidery on fabric seat covers.

- **ARMREST**

Hardy and low maintenance, armrests and wooden sides are installed at the ends of seating ranks. For maximum comfort, chair armrests are available covered with superior quality fabric, or completely filled.

- **FINISHING SEAM**

To customize your chair and add more comfort, finishing seams can be added to the seat and backrest.

- **WRITING TABLETS**

Ideal for working in comfort, wooden tablets can be attached to the armrests or backrest.

MASTER ONTARIO: COMPACT AND ROBUST

BREST ARENA

In 2014, Master Industrie was one of the companies involved in the construction of the Brest Arena. We were responsible for the design and setting up of four motorized seating stands, which could seat up to 1 316 people and providing wooden seats for the fixed stands to accommodate up to 5 359 people.

The Brest Arena was designed to both complement the strong sporting dynamic of the region, and host high level national and international sporting events and competitions. The building design requirements depended heavily on the optimization of the available space to welcome large scale audiences and the durability of its features. This is why the MASTER ONTARIO was the seat of choice. Their compactness and modularity make the venue extremely flexible, and the low maintenance costs make them a more economically sustainable option.
